## Is our God able?

April 29, 2010

**Yes! He is able forever and forever. Amen!** We just sent a letter urgently requesting prayer for funds to publish 250,000 copies of *Is God Really My Father?* to be distributed in the Middle East.

**The Middle East project is now fully funded!**

**Please pause a moment now and praise God!!!**

Let's praise God for Who He is and for what He does and that He loves us!

**Now the real work begins.** The book has been conceived and funded. Now the dangerous and difficult job of delivering and placing the books, one at a time, into the hands of the needy.

**This work belongs to others, yet the most important work remains for you and me.** Prayer is still where this battle is won or lost! Would you commit to pray daily that each of these books will be delivered directly into the hearts of at least 10 different people? Here, the battle is won or lost!

**Continue praying for other projects around the world!** There are multitudes still hungry and needy for the Truth!

**Thanks again,** for your work in fulfilling the Great Commission! Especially for partnering together with us!

Overcoming Through Christ!
